

Breathe in, breathe out

Let go of any doubt

Lean on me until you can

Stand on your own again

Breathe in, breathe out

Let go of any doubt

Lean on me until you can

Stand on your own again

Stand on your own again

Breathe in, breathe out

Let go of any doubt

Lean on me until you can

Stand on your own again

Stand on your own again

Stand on your own again

breathe in

breathe out

breathe out

breathe in

Now breathe out, breathe in

Strength has returned again

Open your eyes to see

There is so much beauty

*(Breathe in)*

*(again)*

*(to see)*

*(beauty)*

So breathe out, breathe in

Strength has returned again

Open your eyes to see

There is so much beauty

*(Breathe in)*

*(again)*

*(to see)*

*(beauty)*

There is so much beauty

There is so much beauty

Stand on your own again
