

Butterfly hands

Hands form the sign

“Butterfly”

I watch my beautiful butterfly

Flitter flutter

Up Up Up

“WHACK!” (clap)

My wounded butterfly hands

fall to the ground

my courageous butterfly hands

take flight once again

flitter flutter

up up up

“don’t sign”

SMACK! (clap)

My two hands slapped

My butterfly wings collapse

My butterfly hands sign

“Fly butterfly fly”

But as it reaches the top

My hands are imprisoned
Bound by heavy chains
My shackled hands struggle to speak
My frustration builds
My butterfly hands let fly a shout

STOP! You're all patronising me
STOP! I can't break these walls alone
STOP!

My butterfly hands release me in to what I desire
To imagine a world where I can sign
And speak with others
Where millions of butterfly hands
Fly
Together , drawn to the celebratory light

My butterfly hands flutter
Resting on my heart
Floating and free

My beautiful butterfly hand s
Form the sign of love
Love
Love
love
