

DO YOU KNOW

Do you know, do you know, where I want to go?

do you know where I want to go?

Oh..... do you know where I want to go?

Some place, where it is quiet

Do you see, do you see, that I want to be

do you see that I want to be

Oh..... do you see that I want to be

Some place, where it is quiet

I just don't know

Where to go

My mind won't stop

Going round and round like a spinning top.....

You say to me, say to me to let it be

You say to me, say to me to let it be

You say to me, say to me to let it be

And everything will be alright, yeah

Ooooooooooooo Oh, oh, oh, oh-oh

Ooooooooooooo Oh, oh, oh, oh-oh

Ooooooooooooo Oh, oh, oh, oh-oh

Ooooooooooooo (together)

I just don't know

Where to go

My mind won't stop

Going round and round like a spinning top.....

You say to me, say to me to let it be

You say to me, say to me to let it be

You say to me, say to me to let it be

And everything will be alright, yeah (repeat x 4, last time slowing down)
