

I Shall Be Released

They say everything can be replaced
They say every distance is not near
But I remember every face
Of every man who put me here

I see my light come shinin'
From the west down to the east
Any day now, any day now
I shall be released

Down here next to me in this lonely crowd
There's a man who swears he's not to blame
And all day long I hear him shouting so loud
Crying out that he was framed

I see my light come shinin'
From the west down to the east
Any day now, any day now
I shall be released

They say every man needs protection
They say that every man must fall
But I swear I see my reflection
Somewhere so high above this wall

I see my light come shinin'
From the west down to the east
Any day now, any day now
I shall be released
