

## Longer Boats

Chorus: (1st chorus in unison then in parts)

Longer boats are coming to win us,  
they're coming to win us, they're coming to win us.  
Longer boats are coming to win us,  
Hold on to the shore,  
They'll be taking the key from the door.

I don't want no god on my lawn,  
just a flower I can help along,  
'cause the soul of nobody knows,  
how a flower grows..... how a flower grow...waah

Longer boats are coming to win us,  
they're coming to win us they're coming to win us,  
Longer boats are coming to win us, hold on to the shore,  
they'll be taking the key from the door.

Mary dropped her pants by the sand,  
and let a parson come and take her hand,  
but the soul of nobody knows, where the parson goes.  
Where the parson go.....waah

Longer boats are coming to win us,  
they're coming to win us, they're coming to win us.  
Longer boats are coming to win us, hold on to the shore,  
they'll be taking the key from the door.

Repeat chorus then sing 1<sup>st</sup> 2 lines again then stop.
