

Walk this Long Road with Me

Tiffany Eckhardt

1. We all need a helping hand, when the road is long and the way is steep

Oh my sister, oh my sister, won't you walk that long road with me

2. We all need a helping hand, when the road is long and the way is steep

Oh my brother, oh my brother, won't you walk that long road with me

On that day on that perfect day, we will open up our eyes and we will see

Oh my sister, oh my brother, won't you walk that long road with me
